CCI-CIC RESEARCH TEAM

MESSAGE FROM CCI-CIC DIRECTORS

Dear colleagues,

CCI-CIC continues to make great progress on multiple fronts. We received unanimous support from DEX to formally become an FOM center at the full Faculty of Medicine meeting in November 2021. The growth of sponsor and investigator-initiated studies continues to provide overhead recovery to CCI-CIC with 17 investigator-initiated projects currently underway. The centre continues to grow with a total of 66 members and 39 affiliated research staff across the province (> 23 FTE). Annual funding has now surpassed 7 million CAD.

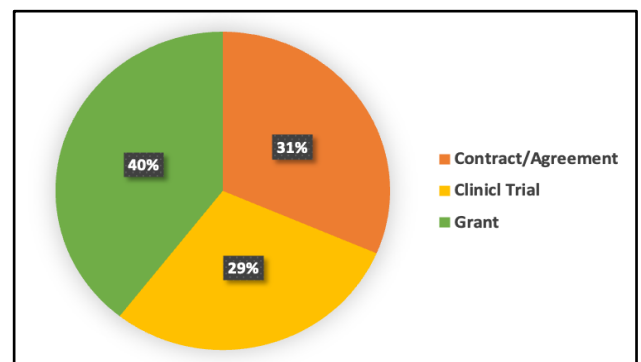

In addition to CCI-CIC's 4 affiliated core labs, we are excited to announce the Translational Science Lab, led by Dr. Stephanie Sellers and Dr. Janarthanan Sathananthan.

Finally, with the pandemic abating and a gradual transition to in-person meetings, we are excited to announce CCI-CIC will be hosting a cycling event in September. You can purchase your CCI-CIC jerseys and bibs below.

--David Wood and Vishaldeep Sidhu on behalf of the CCI-CIC Operations Committee

CCI-CIC ANNUAL FUNDING & PUBLICATIONS

Total funding from 27 out of 66 CCI-CIC investigators for the fiscal 2019-2020 is **\$7.3 Million**. 40% of the total research funding came from competitive research grants, 31% from contracts and agreements and remaining 29% from clinical trials.

CCI-CIC PUBLICATIONS (FEB-JUNE 2021): <https://cci-cic.org/publications/>

CCI-CIC provides full grant facilitation to all CCI-CIC members for various grant competitions, including upcoming CIHR Project Grant and MSFHR competitions. Please see below for list of grant services offered by CCI-CIC:

All CCI-CIC grant facilitation services are provided on a cost recovery basis.

Upcoming funding competition deadlines:
GIA Heart and Stroke: Aug 26/21
CIHR Registration: Aug 18/21
MSFHR HPI Application: Aug 20/21

MSFHR HPI UPDATE
 Dr. Janar Sathanathan & Dr. Margot Davis have successfully moved on to the full application stage after peer review of LOIs. Congratulations!

GRANT FACILITATION SUPPORT
Create/distribute templates for registration and full application
Registration in ResearchNet
Signature packages- prepare and submit to DOM Research Office, Dean's office and ORS
Proposal development- guidelines/structure
Connect with all Co-investigators/Collaborators for completing their parts in ResearchNet
Help prepare budgets and budget justifications based on Project proposal
